I.

My favourite day is ___Sunday___ for the following reasons. First, there is no need to get up early in the morning on this day, so it is a cool day. Second, it is also a time for playing games, hanging on with friends, chatting on the internet, going on picnics and having fun all day long. However, the big problem is that there is only one Sunday in the week. More importantly, on Sunday, I don't have to go to school and be kept for hours in those narrow classrooms taking lessons I don't want to learn. I'd rather spend the whole day in bed watching videos on Youtube or listening to my favourite songs. For these reasons I guess, ___Sunday___ is the day for me. I wish everyday were Sunday.

II.

My favourite day is ___my birthday___ for the following reasons. First, On this day, I get plenty of gifts and I have a lot of fun with my friends. Besides this, it is only on my birthday that I feel very interesting for my family; they all wish me long happy life. Moreover, I get several "Happy Birthday" greetings with images on facebook. I love it. For these reasons I guess, _ my birthday _ is the day for me. I wish everyday were my birthday.
